## When I Think of You

There is something on my mind,  
And I'm losing concentration and I feel it every time that you are near me.  
I could tell you all about, your picture at my bedside,  
I should call you sometime, and talk it over.  
'Cos I get a kick inside, and I feel a tingle too,  
It just comes from time to time,  
And it only happens

When I think of You, sleeping, when I'm dreaming, when I wake up,  
when I think of you, walking, when I'm talking, when I look up, when I think of

You take me away to a land of mass confusion,  
And I don't know what to say, when I am near you,  
I could stand here all day long, just staring at your window,  
But I have so much to do, that's so important,  
Then I get a kick inside, and I feel a tingle too,  
It just comes from time to time,  
And it only happens,

When I think of You, sleeping, when I'm dreaming, when I wake up,  
When I think of you, walking, when I'm talking, when I look up, when I think of

You may get the feeling that I'm dancing on the ceiling,  
When I get a kick inside, and my head is spinning too,  
It just comes from time to time,  
And it only happens

When I think of You, sleeping, when I'm dreaming, when I wake up,  
When I think of you, when I whisper to your picture, when I kiss it, when I think  
of you

When I think of you, when I'm dreaming we're together, on my sofa,  
When I think of you, when I'm wishing that we're kissing, when we're dancing,  
When I think of you.

## *Love Of The Heart Divine*

And he laid her down in a field of corn, And the sun was on his back,  
Up above there was, a clear blue sky, she held him by the hand,  
she had known him since they both were young,  
He'd been always in her life,  
And the first time that he had kissed her lips,  
she knew it deep inside, that this was;

Love of a different world, love of the life,  
Love of the ancient ones, love of the heart divine;

Through the long hot days and the summer nights,  
he was always by her side,  
Just a boy and girl in an innocent world, before the Flanders tide,  
When the autumn leaves had turned to gold,  
She would have her wedding day,  
And the people sang like an angel choir,  
And everybody said that this was;

Love of a different world, love of the life,  
Love of the ancient ones, love of the heart divine;

Then the winter came, and the winds of war were blowing with the snow,  
And he looked so fine in his uniform, she knew that he must go,  
When the soldiers left on the morning train,  
She was waving him goodbye, And as the tears rolled down, for the very first time,  
The baby kicked inside, and this was;

Love of a different world, love of the life,  
Love of the ancient ones, love of the heart divine;

Love of a different world, love of the life,  
Love of the ancient ones, love of the heart divine.

## *Living In The World*

Living in this fantasy, working with reality,  
I have come back here again, to touch the sun and feel the rain,  
Invitations, conversations, friends to make me strong,  
I've seen that light, and I watch it shine, living In The World;

Well I believe that destiny is written in the darkest sea,  
With every movement that we make, and every footstep that we take,  
Inspirations, correlations, where we're meant to be,  
There's so much more that I want to know, living In The World;

Oh-oh still the hunger, Oh-oh to see it all,  
Oh-oh and the wonder of the sunlight in the morning,  
And the moonlight on the bay,  
I'm singing now;

Oh oh oh, living in the world  
Oh oh oh, living in the world;  
Don't believe a word you read, and only half of what you see,  
'Cos there are those who make it up, just to make that extra buck,  
And when they write the poison, they will surely get it back,  
And I'm still here, and I'm gonna stay, living in the World;

Oh-oh - In the spotlight, Oh-oh - it can be hard,  
Oh-oh - it's a hot light, when it's shining on the tough,  
That's when the tough begin to shine,  
I'm singing now;

Oh oh oh, living in the world,  
Oh oh oh, living in... The world;  
I've seen the wonder of the forest in the light,  
I've seen the miracle of winter birds in flight,  
I've seen the universe come flashing in the night,  
Living in the world;

And when they call me, I will be waiting, When it's time to go,  
But I'm not ready yet!

Oh oh oh, Living in the world,  
Oh oh oh, Living in the world.

Living in the world, Living in the world....

## *The Same Sun*

I cannot sleep tonight, I have you on my mind,  
Even the wind is calling your name,  
Though you are far away, I feel that you are near,  
Whispering words from over the sea,  
And if you wake in your night, remember that I will be here;

And like the same sun, that's rising on the valley with the dawn,  
I will walk with your shadow and keep you warm,  
And like the same moon, that's shining through my window here tonight,  
I will watch in your darkness, and bring you safely to the morning light.

Where there is love like this, forever, for all time,  
I will be there, wherever you are,  
And where there are hearts that live together in one soul,  
Nothing on earth will keep us apart,  
And if you're crying inside, remember that I will be here;

And like the same sun that's rising on the valley with the dawn,  
I will walk with your shadow and keep you warm,  
And like the same moon that's shining through my window here tonight,  
I will watch in your darkness, and bring you safely to the morning light;  
I Love you, I love you, I love you;

And if you're crying inside, remember that I will be here;  
And like the same sun, that's rising on the valley with the dawn,  
I will walk with your shadow and keep you warm,  
And like the same moon that's shining through my window here tonight,  
I will watch in your darkness and bring you safely to the morning light;

Same sun, same moon,  
Same sun, same moon,  
Same soul, same heart, Same World, same stars - you will be forever in my world;

Same sun, same moon,  
Same sun, same moon,  
Same soul, same heart, oh, I love you I love you I love you,  
Same world, same stars - you will be forever in my heart.

## *Nothing Ever Happen Round Here*

She was a girl from a one horse town, The only place for miles around,  
Cutting hair in the modern style, Putting in the nine to five,  
but every night it was the same old dream,  
On the cover of a magazine,  
She looked good, but it could never come true,  
'Cos nothing ever happens round here,  
Nothing ever happens round here;

She had a boyfriend in the town, He spent his days just messing around,  
With stick shifts and steering wheels, Motorbikes and automobiles,  
And every night it was the same old thing,  
Meet the boys for a couple of drinks,  
Shoot pool and talk about girls,  
And nothing ever happens round here,  
Nothing ever happens round here;

They said nothing, no nothing, Nothing ever happens round here,  
Nothing, no nothing, Nothing ever happens round here.

One day in a local bar, She heard a movie man was looking for a star,  
And everybody in the whole damn town, Got the call to come on down,  
And when she walked into the room,  
Every heart went BOOM BOOM BOOM,  
- Who's that girl?  
She's exactly what were looking for,  
But nothing ever happens round here, Nothing ever happens round here;

They said nothing, no nothing, Nothing ever happens round here,  
Nothing, no nothing, Nothing ever happens round here;

And so she took a screen test, No doubt that she was the best,  
The camera fell in love with her,  
Before she knew it she was on the way to make that dream come true;

Now she's living in Hollywood, And everything is looking good,  
She thinks about the folks back home, And her boyfriend all alone,  
but every night it's still the same old thing,  
Meet the boys for a couple of drinks,  
Shoot pool and talk about girls,  
And nothing ever happens round here,  
Nothing ever happens round here,

They said nothing, no nothing, Nothing ever happens round here,  
Nothing, no nothing, Nothing ever happens round here;

## *A Woman's Heart*

A woman's heart is filled with passion,  
A woman's heart is filled with lust,  
If you don't believe that these things happen,  
Could be the biggest mistake that a man can make;

A woman's night is filled with dreaming,  
Of the perfect man who may not be you,  
If we don't see what she's been missing,  
Could be the biggest mistake that a man can make,

She wants to get near to you, Don't turn her away,  
She wants to get through to you, She wants to say;

Give me your night, And I will show you my passion,  
Give me your lust, And I will drink you dry,  
Give me your dreams, And I will show you a lover,  
Give me your heart, and I will hold you close,  
And I will love you till the day I die.

A woman's day is filled with longing,  
For a little romance and company,  
If we don't look or just don't listen,  
Could be the biggest mistake that a man can make;

A woman's heart is yours forever,  
She will be true, to the one in her life,  
If we don't give her love and affection,  
Could be the biggest mistake, that a man can make.

She wants to get near to you, Don't turn her away,  
She wants to get through to you, She wants you to say;

Give me your night, And I will show you my passion,  
Give me your lust, And I will drink you dry....  
Give me your dreams, and I will show you a lover,  
Give me your heart, and I will hold you close,  
And I will love you till the day I die.

Give me your night and I will show you my passion,  
Give me your lust, And I will drink you dry....  
Give me your dreams, and I will show you a lover,  
Give me your heart, and I will hold you close,  
And I will love you till the day I die.

A woman's heart, a woman's heart,  
A woman's heart is filled with passion,  
A woman's heart is filled with lust,  
A woman's heart is filled with dreaming, A woman's heart is yours forever.

### *The Last Moments Of the Dawn*

In the last moments of the dawn, Before the day begins,  
before we say goodnight, Hold me now, kiss me now,  
My hands are shaking, and my heart is aching,  
At the thought of making love with you,

Tonight, I would never dream that I would fall in love,  
And it would be with you,  
We're out at sea, just you and me,  
Now the wind is blowing, and my passion is growing,  
And your eyes are glowing with the light of love;

There is no explanation why it should be this way,  
For you and me, must be destiny,  
And from a new horizon, you came right out of the blue;

With the last moments of the dawn,  
Could be the first day of my life with you;

Hold me now, kiss me again, 'Cos my hands are shaking,  
and my heart is aching,  
As the dream of making love with you  
Comes true.....

In the last moments of the dawn,  
In the last moments of the dawn,  
In the last moments of the dawn.

## *I See You Everywhere*

I see you everywhere, I see your eyes, I touch your hair,  
You took me on a highway to the stars, and left me halfway there;

I hold you in my dreams, your tender kiss is never what it seems,  
'Cos when I wake up in the morning sun, I look, but you're not there;

I cannot believe this has happened to me,  
It's been heaven in your arms,  
You gave me so much, with an angels touch,  
And then you took my heart;

I see you in the street, and people turning at my running feet,  
But when I get up close a stranger's eyes, are looking back at me;

Oh I cannot believe this has happened to me,  
It's like heaven for one day.  
You left me like this with an angel's kiss,  
And then you flew away;

I see you everywhere, I see your eyes, I touch your hair,  
I'm gonna take that highway to the stars, And I will find you there;

I see you everywhere, I see you everywhere, I see you everywhere,  
I see you everywhere, everywhere;

And when I'm looking for you, I'm gonna find you,  
And when I find you I am, I'm gonna hold you,  
And when I hold you I am, I'm gonna love you,  
And when I love you it will, it will be forever;

I'm gonna love you....

I see you, I see you, I see you, I see you,  
I see you, I see you, every, every, everywhere.  
I see you everywhere....  
Everywhere.

## *Saint Peter's Gate*

Saint Peter's Gate I was lost in the dark, And the fear was in my heart,  
All around me the forest and the rain,  
Then with the flash of a light, I saw it in the night,  
I must be getting near - Saint Peter's Gate!

When I went through the door, he was standing in the hall,  
An old man with a beard of shining white,  
He said "I've been expecting you, let me show you to your room",  
And he took me all the way by candlelight,  
And lying there on the bed, a book, black & red,  
My name was written on the front in gold,  
And when I opened it up, there were pictures of my life,  
And a voice began to call from down below;

Nobody will get through, nobody,  
Not even you, can escape the Judgment Day,  
Nobody will be spared, Heaven is only there,  
For the ones who satisfy them at - Saint Peter's Gate!

"Come with me" said that old man, as he took me by the hand  
"There is someone here that you have seen before,  
In this room on the left, a man who did his best,  
To bring joy and happiness to one and all;  
But in that room on the right, a dictator in life,  
We've been waiting for him here, as you can tell,  
For all the blood he's spilled, And for all the ones he's killed,  
We condemn him to eternity in hell;

Nobody will get through, Nobody,  
Not even you, can escape the Judgment Day,  
Nobody will be spared, Heaven is only there,  
For the ones who satisfy them at - Saint Peter's Gate.

I woke up with the dawn, there was someone in my room,  
A woman, like an angel all in white,  
And then she told me "You must run, for your time has yet to come,  
Go now, before they change their minds",  
And from the window I saw, A thousand or more,  
Bringing that dictator to his knees,  
And his cries broke the sound, Of my footsteps on the ground,  
As I made it to the safety of the trees:

Nobody will get through, Nobody,  
not even you, Can escape the judgment day,  
Nobody will be spared, Heaven is only there,  
For the ones who satisfy them at... Saint Peters Gate.

Nobody will get through, Nobody  
not even you, Can escape the judgment day,  
Nobody will be spared, Heaven is only there,  
For the ones who satisfy them at, Saint Peters Gate!

Saint Peters Gate!

## *You Look Beautiful*

You Look Beautiful you're looking good, I Haven't seen you for a long time,  
How've you been? I like the way you have your hair,  
But something has changed,  
And I can see a woman in your eyes, and in your smile;

Remember when we'd always be together,  
And we believed this love would never die.  
And ever since then,  
I've often wondered how I'd feel if we should meet again,

Well, you look beautiful, you look wonderful,  
You're like an angel heaven sent to me,  
You look beautiful, you look wonderful,  
I've got a feeling this was meant to be,

When we broke apart, we both set off to find the world,  
And face the storms of life, I thought I heard you calling,  
When your ship hit the rocks,  
And here we are survivors from the sea Just you and me, out on the beach,

If you have time, Lets get a cup of coffee,  
and talk about, All the feelings that we share,  
Cos when there's still love,  
You know it from the moment that you see those eyes again;

And you look beautiful, You look wonderful,  
You're like an angel heaven sent to me,  
You look beautiful, You look wonderful,  
I've got a feeling this was meant to be,

Yes I know it this was meant to be,  
You look wonderful,  
Now I know it, this was meant to be;

## *I Want It, (And I Want It Now!)*

Four in the morning and I just can't sleep  
I've got a craving now for something sweet  
So I head off for my local all-night supermarket,  
When I get there, it's deserted;

And now I'm standing at the chocolate shelf,  
Under the sign that says, "Help Yourself"  
If you really gotta have it, then we really gotta sell it to you  
This is for people who say

I want it and I want it now!  
I want it and I just can't wait!  
I want it and I want it now.  
I want it and I will not wait  
I want it now

I sit at home and when I watch TV,  
I gotta have remote control with me,  
Oh and when I'm watching football, I can go to total recall,  
I've got freeze frame, I got slo - mo.

This is the way that it was meant to be,  
You gotta get ready for the century  
I'm a total modern man, And I got total modern plans  
And it's so easy when you say.

I want it and I want it now!  
I want it and I just can't wait!  
I want it and I want it now.  
I gotta get a feel to try,  
gotta get a meal inside,  
I gotta get a deal tonight,  
I gotta say  
I want it now, I want it now, I want it now,  
And I just can't wait

I want it and I want it now!  
I want it and I just can't wait!  
I want it and I want it now.  
I want it and I will not wait

I want it now,  
I want it now,  
I want it now, and I just can't wait;

I want it now,  
I want it now,

I want it now, And I just can't wait

Here it is the new sensation, Listen to the new generation,  
We want something, we want it now!  
You don't need no invitation, Listen to the new conversation,  
We want something, we want it now

OoH-ooh, Ooh-ooh, Ooh-ooh,  
We want it now;

OoH-ooh, Ooh-ooh, Ooh-ooh,  
We want it now;

OoH-ooh, Ooh-ooh, Ooh-ooh,  
I want it and I want it now;

## *Natasha Dance*

Natasha brings me kisses in the moonlight,  
She kneels above me, silk upon my skin,  
I reach for her, and I can feel her heartbeat,

Beneath her breast so heavy in my hand;  
The rain is running rivers on my window,  
And shimmers on the streetlights down below,  
She's happy when I hold her in the shadows,  
And whispers of a life I've never known;

And will you dance, Natasha dance for me,  
Because I want to feel the passion in your soul,  
And when you dance, will you tell me in a story,  
The joy and pain of living in your world;

And with the light I wake up in the morning,  
And she has gone, it must have been a dream,  
And then I see the roses on my pillow,  
And now I know that she will come again;

And she will dance, Natasha dance for me,  
Again I want to feel the passion in your soul,  
And when you move, will you show me in a story,  
The joy and pain of living in your world;

Natasha dance for me.....

## *The Rivers Of Abraham*

He walked alone up the rocky road,  
To find the place, to read the stone,  
And bring the word back, from the top of the mountain,  
Where it would be;

The lightning struck, and the thunder roared, As he lifted it up,  
In the name of the Lord,  
And many waited for the new revelation,  
They are ready to go, they're going home;

And the rivers of Abraham are running free,  
With the dawn of a waking man, and destiny,  
To the garden of Eden, and Paradise,  
We will never be broken, and we will never die;

We cross the bridge to the silver bird,  
And say goodbye to the ones that we love,  
No skies or oceans in the place we are going,  
Like seeds on the wind;

The time has come, we shut the door,  
We are ready to go, in the name of the Lord  
A world is waiting for a new destination,  
We are ready to go, we're going home;

And the rivers of Abraham are running free,  
With the dawn of a waking man, and destiny,  
To the garden of Eden and Paradise,  
We will never be broken and we will never die;

And the rivers of Abraham, are running free,  
With the dawn of a waking man and destiny,  
To the garden of Eden and Paradise,  
We will never be broken, We will never die,

And the rivers of Abraham are running free,  
We will never be broken and we will never die.

## *My Lover Is*

My lover is a morning with the sun,  
Another day with her has just begun,  
She's waking me up to see her world,  
My lover is the light;

My lover is a chance to play the fool,  
To shake a lot of trees and break the rules,  
She's bringing me back the boy inside,  
My lover gives me time;

And all through the days, there are so many ways to love her,  
Its easy to do, when the heart and the soul are true;

My lover has the meaning of success,  
She's telling me that I can be the best,  
But if I should fail at least I've tried,  
My lover has it right;

And all through the days, There are so many ways to love her,  
It's easy to do, when the heart and the soul are true,

My lover is a dancer in the dark,  
Whispering the secrets in her heart,  
She's opening up to my desire,  
My lover in the night;

She is the morning sun,  
She's the one,  
Bringing me back,  
The boy inside,  
My lover in the night,  
My lover is the light,  
My lover has it right,  
My lover is my life.

## *Quiet Revolution*

There's a quiet Revolution going on,  
Like a fire in every corner of the world,  
And friends that you have known for many years,  
Are talking with a new light inside,  
Talking with a brightness in their eyes;

There are quiet conversations going on,  
As people speak about what they have seen,  
And everywhere the feeling's getting stronger,  
That soon there will be change in our lives,  
From a thousand years of looking in the sky,  
Something is coming now, something is coming now;

You will believe it when, You will believe it,  
When the light comes shining through,  
You will believe it when, You will believe it,  
When it's shining down on you;

There are quiet celebrations going on,  
So many have been waiting for so long,  
To see the whole world waking from a dream,  
And find a new dimension inside, See a revelation in our time,  
Something is coming now, Something is coming now.;

You will believe it when, You will believe it,  
When the light comes shining through,  
You will believe it when, You will believe it,  
When it's shining down on you;

We must guard against the enemy,  
They can help us or they can betray us in the night,  
Don't talk, don't talk, but this quiet revolution,  
Can destroy the man of darkness with the light;

You will believe it when, You will believe it,  
When the light comes shining through,  
You will believe it when, You will believe it,  
When it's shining down on you;

You will believe it when, You will believe it,  
When the light comes shining through,  
You will believe it when, You will believe it,  
When it's shining down on you;  
When it's shining down on you, on you.
