## *Love Is My Decision*

And when they tell you that you're crazy,  
You've got to try to settle down,  
You got to turn yourself around,  
Life is more than just good times, and parties,

You got the moon in New York city,  
You've got the whole world in your hands,  
Too many cards from Disneyland,  
Saying that I was sorry, come one day,

But if, I ever have to chose, love is my decision,  
With you I just can't lose, stay here by my side,  
Love is my decision, forever you and I,

I'll tell you this,  
If you should ever go away, I'll know,  
That I could never live a single day without you,

You are the one that lights my world up,  
The one that money just can't buy,  
And now I promise I will try,  
Maybe even a family together,

But if, I ever have to chose, love is my decision,  
With you I just can't lose, stay here by my side,  
Love is my decision, forever you and I,

If, I ever have to chose,  
If I ever have to chose,  
(If, I ever have to chose, love is my decision),

Forever let me hear in my heart,  
(Stay, always by my side, love is my decision),

Forever let me live my heart,  
(If, I ever have to chose, love is my decision),

I'm never going to let you down,  
(Stay, always by my side, love is my decision),

Forever let me hear my heart,  
(If, I ever have to chose, love is my decision,  
stay, always by my side, love is my decision).

### ***Do What You Do***

I never knew love was so nice,  
I never kissed anyone twice,  
I never wanted a beau;  
poor me! I just didn't know.  
You came along, I got a thrill;  
one kiss from you, I feel it still.  
Now each time you look my way  
you're going to hear me say:

come on and do what you do!  
It seems so new, what you do,  
it thrills me through, what you do;  
so do what you do some more!  
You know I love what you do,  
keep dreaming of what you do;  
don't be above what you do,  
but do what you do some more!

Can't get enough of the kisses you throw me,  
I need a big supply;  
give me the kisses you owe me.  
Oh, me! Oh, my!  
Do I adore what you do?  
More and more, and more, and more what you do,  
I'm crazy for what you do,  
so do what you do some more!

## *That's What Friends Are For*

"I wake up in the morning and I see another new day  
rain or shine, well I don't mind, I'll never be alone.  
I've got my friends and in the end, as long as we're together,  
It's all for one and one for all as everybody knows.

When you're walking in the park, and you're lost it's getting dark,  
no-one seems to be around, we're here in your heart.

We're all together, that's what friends are for,  
all together, to open every door,  
and we go rit,dit,dit,dit da da, rit dit,dit,dit da,da,  
just to put the sunshine in your eyes,  
cos that's what friends are for.

Remember all the sunny days, and dancing in the moonlight,  
going to bed just tired and happy when the day is done.  
A picnics great in the summer time, we go down to the seaside,  
and sharing means there'll always be, enough for everyone.

When you're swimming off the beach, and the shore is out of reach,  
never fear there's someone there, to bring you safely back.

We're all together, that's what friends are for,  
all together, to open every door,  
and we go rit,dit,dit,dit da da, rit, dit dit, dit da,da  
just to put the sunshine in your eyes,  
cos that's what friends are for.

That's what friends are for,  
That's what friends are for,  
That's what friends are for.

Wheeeeeee

That's what friends are for...

## *Strangers On A Train*

When he saw her first she was crying, on the morning train,  
He was drawn to her and he held her hand and he dried her tears away,  
She said "I gave up my life for him, I gave all that I had,  
I gave up my world for him"  
and I'm not going back

Love comes in like a miracle  
To take away the pain  
They were always lovers  
Strangers on a train  
Love come in like a messenger  
To save the world again  
They have always been together  
Strangers on a train

They were lost in deep conversation and the miles went by and by,  
When the train came into their station,  
They just had to travel on,  
He said "I'll give up my life for you, I'll give all that I have,  
I'll give up my world for you"  
and I'm not going back

Love comes in like a miracle  
To take away the pain  
They were always lovers  
Strangers on a train  
Love come in like a messenger  
To save the world again  
They will always been together  
Strangers on a train

I'll give up my life for him  
I'll give all I have  
I'll give up my world for you  
and I am not going back

Love comes in like a miracle  
To take away the pain  
They were always lovers  
Strangers on a train  
Love come in like a messenger  
To save the world again  
They will always been together  
Strangers on a train...

## ***The Power Of Peace***

How many soldiers of war  
Wonder what they've been fighting for  
When will all conflicts cease  
Not 'till we know the Power of Peace

(Chris de Burgh)

How many children must die  
Not understanding how or why  
Too many bombs each day  
Innocent victims pay

(Oleta Adams)

All people know our world needs CARE  
Let nations unite and learn to share  
Join with each other, help conflicts cease  
Then we will know the Power of Peace

(Enrique Iglesias/Peabo Bryson)

Refugees run from fear  
Clutching the ones they hold so dear  
Trying to ease their pain  
We cannot let them down again

(Gerald Levert/Aretha Franklin/Kenny Rogers)

When will all conflicts cease  
Not 'till we know The Power of Peace

(Kenny Rogers)

All people know our world needs CARE  
Let nations unite and learn to share  
So join with each other, help conflicts cease  
Then we will know the Power of Peace

(Giorgia/Aretha Franklin)

A family of nations, that's our goal  
Reaching to touch each heart and soul  
Upward and on no backward glance  
There's just one way, give peace a chance

(Emmanuel/Michelle Wright)

There's just one way, give peace a chance

(Peabo Bryson)

When will all conflicts cease  
Not 'till we know The Power of Peace...

### *Desperado (The Eagles/Desperado)*

Desperado, why don't you come to your senses?  
You been out ridin' fences for so long now  
Oh, you're a hard one  
I know that you got your reasons  
These things that are pleasin' you  
Can hurt you somehow

Don' you draw the queen of diamonds, boy  
She'll beat you if she's able  
You know the queen of hearts is always your best bet

Now it seems to me, some fine things  
Have been laid upon your table  
But you only want the ones that you can't get

Desperado, oh, you ain't gettin' no youger  
Your pain and your hunger, they're drivin' you home  
And freedom, oh freedom well, that's just some people talkin'  
Your prison is walking through this world all alone

Don't your feet get cold in the winter time?  
The sky won't snow and the sun won't shine  
It's hard to tell the night time from the day  
You're loosin' all your highs and lows  
Ain't it funny how the feeling goes away?

Desperado, why don't you come to your senses?  
Come down from your fences, open the gate  
It may be rainin', but there's a rainbow above you  
You better let somebody love you, before it's too late...

## *Riding On A Rainbow*

We're riding on a rainbow,  
We're flying free,  
We're riding on a rainbow,  
Yes, you and me;

There is a place I love in Africa,  
That they call the rainbow land,  
It is a place to grow and live as one,  
In a brotherhood of man,

There is light that comes from Africa,  
And its shining round the world,  
Let all the colours speak of pride and joy,  
In a voice that must be heard,

We're riding on a rainbow,  
We're flying free,  
We're riding on a rainbow,  
Yes, you and me;

There is a heart I hear in Africa,  
And it's beating like a drum,  
Let everyone get up and to the stars,  
We will go marching on,

I had a dream I was in Africa,  
I was soaring like a bird,  
And then a million voices all around,  
Were singing to the world...

That we are riding on a rainbow,  
We're flying free,  
We're riding on a rainbow,  
Yes, you and me;

We are together on a rainbow,  
We're flying free,  
We are forever on a rainbow,  
Yes, you and me;

Lala lala la lalala,  
Lala lala laa,  
Lala lala la la lala,  
La lalala,

Yes we are riding on a rainbow,  
We're flying free,

We're riding on a rainbow,  
Yes, you and me;

We are together on a rainbow,  
We're flying free, yeah,  
We are forever on a rainbow,  
Yes, you and me...

## *When I See You Tonight*

Can I see you tonight? Can we go for a ride?  
Or watch TV - get a video out?  
I've heard of one that I'd like you to see,  
It's called the Field Of Dreams, goin' by the way:  
Just want to say that I love you,  
Just want to say that I love you.

Can I see you tonight? can we talk about life?  
And how the world keeps spinning around  
And just when I and the moon and the stars  
And the light of your heart  
I'd really do it all away  
And I wanna tell you I love you  
Just want to tell you I love you

Oh why do people always say  
The things they never mean?  
I know that we could start again,  
If you listen to me!

Can I see you tonight? It's gonna be alright.  
You are the best thing that's happened to me  
A million words could never reveal the way you  
Make me feel every moment of my life  
If got to tell you I love you  
Just got to tell you I love you.

Oh why do people always say,  
The things they never mean?  
I know that we could start again,  
If you listen to me!

Can I see you tonight? Can we go for a ride?  
Or watch TV - get a video out  
I've heard of one that I'd like you to see,  
It's called the Field Of Dreams, goin' by the way:  
Just want to tell you I love you (can I see you tonight?)  
Just want to tell you I love you (can I see you tonight?)  
Just got to say that I love you.
